TOGETHER, MEGAN & OLIVIER CREATE AN OTHER-WORLDLY EXPERIENCE

Megan Selby sings and speaks the Language of the Stars. These are songs, tones and frequencies of star constellations and pure love carried in the infinite watery element of eternal wisdom. Her songs often bring people to tears as they touch the heart so deeply.

Olivier Maxted has a strong Aboriginal presence with him. When he plays didgeridoo there is an awakening of timelessness, journeying through the cosmos. He brings the essence of the Earth and Infinite Creative potential of the void — a great portal of possibilities and healing.
